7. Permit expires August 31 of each year or upon your graduation.
8. Student parking permits are not transferable and should only be used by the contract holder.
9. I understand that my vehicle cannot be left in parking facilities for over 24 hours.
10. There are approximately **20 student parking spaces** in the parking lot at the corner of 14<sup>th</sup> & Market Street. These spaces are located on the south, west & north sides of the lot. To avoid a parking citation, I know to park in the spaces identified as "Student Parking Only". **The student spaces in this lot are marked in black on the car stops. I know not to park in the RESERVED Rosenberg House spaces or in the center of the lot.** The north side of U-lot, located at 13<sup>th</sup> & The Strand, has approximately **40 student parking spaces**. This lot is divided between contract parking and student parking, there are signs in this lot directing you to the student parking spaces. Citations will be issued to those parking in the contract parking spaces.

I agree that I am responsible for hangtags issued to me and understand that it remains the property of UTMB. I agree to return same upon my **graduation** or in the event that I do not choose to renew the tag. Hangtags are not transferable. I understand that if same is lost or not returned, permission will not be granted to utilize parking at UTMB until appropriate fees have been paid. I also understand that UTMB is not responsible for theft or damage to cars parked at UTMB facilities.
