Student Parking for PAS & NUTR Orientation

Parking will be available in Garage #4 (#93 on campus map) located between 12th and 13th and Mechanic and Strand. Follow the instructions on the key pad to gain entry. You will be provided one (1) token to exit at the end of the day.

We have arranged for the department of Auxiliary Enterprises – Student Parking to be available during registration so that new students may purchase (Cash or Check Only) and pick up Student Parking Permits. We highly encourage you to make advance arrangements by completing the following steps:

Student Parking Permit (hangtag)

All full-time UTMB students may purchase a Student Parking permit for $23, which is valid from June through August 31, 2014.

These permits are valid in designated student spaces on a first-come/first-served basis. It is anticipated that the number of permits issued will exceed the number of spaces available. Maps will be provided to illustrate where student parking is located. Please complete the Student Parking Permit Application if you are interested in obtaining the student parking on a first-come, first-serve basis and return it along with your $23.00 fee for the remainder of the fiscal year to UTMB Parking Facilities, 301 University Blvd, Galveston TX 77555-0118.

Parking Lots and Garages (UTMB Badge access required)

Rooftop parking in Garage 4 is available for full-time students for a cost of $160 per fiscal year, currently $26 for June through August 31, 2014; however, this parking cannot be used in conjunction with a regular student permit. Unlike student permit parking, this parking will be available at all times or an alternate space will be provided to you. At this time there are limited parking spaces available for Rooftop parking.
