2016 SPONSORSHIP OPPORTUNITIES

UTMB SCHOOL OF HEALTH PROFESSIONS’ CAUSEWAY FUND RUN/WALK

to support student scholarships is one of the most unique fundraising runs on Galveston Island. It is one of only two races on the Causeway, spanning Galveston Bay, each year. The course is USA Track and Field certified, appealing to serious runners, but given the distinctive venue, it offers a route casual runners/walkers will most certainly appreciate. Your support of the FunD Run/Walk is invaluable and a commitment to the success of our future health care professionals.

UTMB SCHOOL OF HEALTH PROFESSIONS

is dedicated to educating health professions students to meet the health care needs of a growing state by preparing competent professionals to assume and direct support roles in the provision of health services. These Respiratory Therapists, Clinical Laboratory Scientists, Nutritionists, Physician Assistants, and Occupational and Physical Therapists will help to solve medical care distribution, access and cost problems.

SHP CAUSEWAY FUND RUN/WALK

benefits SHP student scholarships. Revived in 2013, after a 15 year hiatus, the FunD Run/Walk has seen over 700 participants each year and the number of sponsors continues to grow. Over 80 in-kind and cash sponsors supported the event in 2015. We invite your engagement in this event, asking you to become a sponsor, helping to provide scholarships for the many talented students in the School of Health Professions. As you will find in the following pages, we have endeavored to make this mutually beneficial to our valued sponsors.

Cash and in-kind sponsorship levels range from $20,000 Victor (title) sponsor to $150 Friend sponsor. For in-kind sponsorship, whether for services or products, the various levels can be used as a guide for benefits.

REASONS TO SUPPORT THE SHP FUND RUN/WALK

There are several compelling reasons to support the SHP Appeal for Student Scholarships:

• Helps students minimize debt;
• Strengthens our ability to recruit and retain outstanding students from all age groups and various cultural backgrounds;
• Allows students to focus on their studies, clinical field rotations, community outreach and service-learning programs;
• Promotes self-respect and confidence as it recognizes individual academic achievement;
• Advances the academic learning environment at the SHP.
