Leading Rehabilitation Medicine & Therapy Services

Located in San Antonio, Texas, University Hospital’s Reeves Rehabilitation Center has been one of the South Texas region’s leading providers of physical rehabilitation services since 1994.

University Health System is a nationally recognized teaching hospital and ranked best in the San Antonio region by U.S. News and World Report.

Comprehensive Rehabilitation Services

The professionals at Reeves Rehabilitation Center provide a comprehensive array of inpatient and outpatient rehabilitation services to aid patients in recovering from injury, stroke, heart attack, as well as surgical or medical procedures.

Working together with the patient and the patient’s family, our interdisciplinary team dedicate themselves to helping each patient reach his or her highest level of recovery.
