Medical Laboratory Practitioners
Choose Wisely

George Fritsma, MS MLS

Thursday, August 9, 2018
12:00 p.m.
School of Health Professions, Quad 1.104
Brown Bag Lunch Lecture

Objectives:
1. Evaluate laboratory assay recommendations promoted by ABIM partners in consultation with laboratory assay providers and consumers.
2. Review ABIM-supported projects that promote the Choosing Wisely campaign as it impacts community-based laboratory service consumers.
3. Develop MLS curriculum modules that promote Choose Wisely principles.

George is a consultant for the Laboratory Medicine Division of the Pathology Department, University of Alabama at Birmingham School of Medicine, where he provides lectures for pathology residents and for hematology and pathology fellows.

George is an associate professor on the faculty of Rutgers University and Michigan State University, where he provides web-based instruction in hematology and hemostasis. George also provides international seminars and webinars in hematology and hemostasis.

George holds a bachelor’s in biology and chemistry from Calvin College, Grand Rapids, Michigan, a Masters in Medical Technology from Wayne State University, Detroit, and advanced course work from Illinois State University and the University of Illinois at Chicago.
